

## VOLUNTEERS/ INTERN PLACEMENTS 2021/ 2022

If you're looking to participate in changing the world or changing someone's life, complete your study thesis, and share your experience, here is an opportunity to travel differently as you seek your goal.

You have an opportunity to stay and work with local communities in Uganda. The placements are commonly located next to the National Parks and wildlife reserves, offering one of the most commendable beauties and landscapes of Uganda. During the placements, volunteers will have an opportunity to take days off to enjoy sightseeing, wildlife safaris, and community encounters, using your residence as the base. If this sounds interesting or closer to your dreams, take the time to volunteer with us, as space is available at the moment, in areas of;

- Tourism development
- Community development
